

Automatic Fire Alarm Association Minnesota Chapter

An Invitation to Join the Minnesota Association Automatic Fire Alarm Association (MN AFAA)

The MNAFAA is a statewide association working hand in hand with the National AFAA with sole purpose of providing Life Safety for the State of Minnesota.

As a fire alarm professional, joining the MNAFAA allows you to:

- *Influence codes and standards at all levels to make buildings safer through proper application of fire alarm systems*
- *Assist in the education of all levels of the industry and Authorities having jurisdiction (AHJs) to properly apply, install, use and maintain automatic fire alarm systems*
- *Promote the level of our industry in meeting the public need for Fire and Life Safety Systems in Minnesota*
- *Provide a communication network to quickly and accurately identify industry problems, exchange ideas and information for solutions and organize corrective programs*
- *Promote technical competence of the industry through NICET certification and continuing education*

The MNAFAA is open to manufacturers, distributors, engineers, AHJs and other fire alarm professionals.

The MNAFAA needs your support and participation!

To join the MNAFAA or receive additional information, please provide the information requested (*please print*) and return your signed application along with payment to:
